Chair Wright Opening Remarks

- Welcome new Board Member Hope Knight!
- We continue to prioritize expanding access and further opening New York State's cannabis supply chain
- Today we will be considering 212 additional CAURD licenses - a significant expansion of the program to better prepare the adult-use supply chain
- Over the next several months we anticipate more and more dispensaries coming online from the CAURD provisionally approved licensees
- Many provisionally approved licensees have started matching with Fund locations or have found their own retail dispensaries and are working to finalizing requirements to open their dispensaries

- Today, we consider an additional **212 provisional CAURD licensees**
- **This represents an expansion of the CAURD program to 463 licenses**
- Provisional licensees can now begin the work of finding and securing a retail dispensary location.
- After location approval, the licensee can submit final application materials to the Office, upon approval of which, they can receive final licensure and open and operate their retail dispensary.
- **Resolution No. 2023-24: Resolution to Consider Conditional Adult-Use Retail Dispensary Licenses**

Consideration of Cannabis Grower Showcase Initiative

Resolution No. 2023-25

- Cannabis Growers Showcases (or “CGS”) authorize conditional, cultivator, processors, and retails to partner on events to showcase New York cannabis products. CGS applications must be submitted to the Office by a CGS Organizer, who may be a Conditional Adult-Use Retail Dispensary (or “CAURD”) licensee or an Adult-Use Conditional Cultivator (or “AUCC”) licensee. All CGS must receive explicit approval from the Office to occur.
- **Requirements:**
 - Three (3) or more cultivators work with CGS Vendor (a licensed CAURD) to showcase and sell their products at approved Cannabis Grower Showcases organized at licensed locations and approved events.
 - A minimum of three (3) Adult-Use Conditional Cultivators growers per CGS.
 - No more than one (1) Conditional Processor per three (3) growers.
 - Conditional Cultivators can distribute flower products only (flower in retail packaging and pre-rolls).
 - Conditional Processors can only distribute value-added products (no flower in retail packaging and pre-rolls).
 - No cap on number of retailers but minimum of three (3) Conditional Cultivators per retailer.
 - All products sold must have passed testing conducted by a New York State permitted laboratory and be in regulatorily compliant packaging.
 - Municipal approval is required prior to applying for a CGS
 - CGS permit sales only. CGS authorizations do not permit onsite consumption.

Consideration of Cannabis Laboratory Testing Licenses

Resolution No. 2023-26

- Pursuant to Section 129 of the Cannabis Law, the Board has the authority to approve and permit one or more independent cannabis testing laboratories in New York State.
- Independent cannabis testing laboratories are a critical part of New York's equity-first supply chain, helping to bring safer cannabis products onto the shelves of New York's first adult-use cannabis retail dispensaries.
- The following laboratory has applied to OCM to be permitted as a cannabis testing laboratory:
 - Coral Reef Labs in Johnson City, NY
- OCM has completed the review of and recommends the approval of this applicant for a cannabis testing laboratory permit, with testing operations to commence after the laboratories complete their demonstration of testing capabilities to begin operations.
- This will bring the total to 15 permitted cannabis testing laboratories in New York State. Additional information can be found here regarding the testing capabilities of each laboratory: [Cannabis Laboratories | Office of Cannabis Management \(ny.gov\)](https://ocm.ny.gov/cannabis-laboratories)
- **Resolution No. 2023-26: Resolution to Approve Cannabis Laboratory Testing Permits**

Overview of Proposed Regulations for Consideration

- **Proposed Regulations for Public Comment**
 - Part 113 – Medical Cannabis Regulations
- **Regulations to be Filed for Adoption**
 - Part 132 – Cannabis Research Regulations
- **Emergency Regulations**
 - Part 114: Cannabinoid Hemp Regulations
 - Part 133: Hearing, Violation, and Enforcement Emergency Regulations

Consideration of Medical Cannabis Proposed Regulations

Resolution No. 2023-27

- The proposed medical cannabis regulatory amendments include several small changes and help align key provisions where applicable with the Adult-Use Regulations. Notable amendments include:
 - Updates to lab testing requirements, including the reporting of terpene content;
 - Language to allow for bulk dispensing of medical cannabis products by dispensary pharmacists;
 - Technical fixes and updates to conform with Adult-Use revised rulemaking, including, but not limited to worker health and safety standards and disclosure requirements for True Parties of Interest; and
 - Updates to conform with Part 128 packaging and labeling regulations.
- Amendments will require a 60-day public comment period.
- If adopted, these regulations will further expand and enhance our Medical Cannabis Program, improving the experience for certified patients across New York State.

Resolution No. 2023-27: Resolution to Consider Medical Cannabis Proposed Regulations

Consideration of Cannabis Research Regulations

Resolution No. 2023-28

- Part 132 provides a framework for cannabis research licensees to produce, process, purchase, and/or possess cannabis for limited research purposes.
- The public comment period for Part 132, concluded on June 12th.

Resolution No. 2023-28: Resolution to Approve the Filing of Cannabis Research Regulations

Consideration of Emergency Cannabinoid Hemp Regulations

Resolution 2023-29

- Today the Board will vote on proposed emergency regulations for the cannabinoid hemp program.
- Notable changes include:
 - Establishing a minimum allowable CBD:THC ratio (15:1) and places limits on the total THC allowed in certain cannabinoid hemp products, if CBD is not the primary marketed cannabinoid, the sum of the cannabinoids excluding THC must meet this ratio of 15:1 THC
 - Revising cannabinoid hemp retailer prohibitions to prohibit the sale of cannabinoid hemp products containing over 0.5 mg of total THC per serving to individuals under the age of twenty-one (21)
 - Revising current laboratory testing requirements for cannabinoid hemp products to conform with testing limits in the adult-use and medical cannabis programs
 - Revising packaging, labeling, marketing, and advertising rules to prohibit cannabinoid hemp products from being attractive to individuals under the age of 21, displaying false statements or touting health claims, and promoting overconsumption
- Adoption of these regulations, will protect public health, safety, and the welfare of consumers from the immediate threat posed by intoxicating cannabinoid hemp products sold in New York State.

Resolution No. 2023-29: Resolution to file Emergency Cannabinoid Hemp Regulations

Consideration of Extending the Hearing, Violation, and Enforcement Emergency Regulations

Resolution No. 2023-30

- November 21st: CCB approved emergency regulations outline hearing, violation, penalty and enforcement procedures
- Emergency regulations were issued to ensure there were clear rules for conditional licensees who violate the Law and for denied or non-selected applicants
- Process builds on administrative law judge framework with best practices from other agencies who license and regulate businesses in New York State
- Emergency regulations went into effect on April 6, 2023 and remained in effect for 120 days. They are **currently slated to expire on August 4th, 2023**.
- This extension will ensure emergency regulations stay in place and **an additional 120 days**, allowing sufficient times for a full regulation package to be drafted and approved.
